JUNIOR COLLEGE

WEDNESDAY, OCTOBER 9, 1946

Vol. 12, No. 2

Time Enrollment Reached This Year

Enrollment this year at B. J. C. reached an all-time record of 790 students; at the present time the ratio of men to women is practically three to one, 590 men and 200 women. The enrollment this year of 790 is almost half again as large as the enrollment in 1941 which totaled 545, the previous record, and more than double last year's registration of 347.

Students under the G. I. Bill of Rights totaled close to 460. However, Mrs. Hershey, registrar, pointed out this figure does not include all of the returning veterans enrolled here since some of the veterans in school are not under the bill.

Miss Sinclair, who made a survey of veterans, stated that 86 are married and have a total of 33 children.

'Thespians' Reorganize

The Delta Psi Omega met in the coffee shop at the Hotel Boise on Thursday, October 3, at 7:30. Ice cream and coffee were served to the members. Mr. J. Roy Swartz was the speaker for the evening. Mr. Swartz plans to put on a Penthouse play, the first of its kind since the year Junior College opened. Suggestions for the projects the club is to undertake this year are: Radio dramatics, play reading, and all kinds of plays. Welton Graham, secretary of Delta Psi Omega, was appointed to write to the Caldwell Dramatic club to invite them to come to Boise to get acquainted and exchange play readings.

There will be a meeting of Alpha Mu Omega Thursday, October 10 at 7:30 p. m. All students interested in any type of dramatics; acting, production, stage hands, and direction are urged to come. The committee for the affair is Joan Brown, chairman, Judy Rose Graham, and Dorothy Pinder. There will be entertainment and refreshments will be served.

A new plan put into effect at the last meeting was to have a library of dramatic books which is to be located in Mr. Swartz's office. All students interested in dramatics are invited to take advantage of this library.

Among those who attended the meeting were: Mr. Wennstrom, Mr. Swartz, Grant Dean, Emil Siron, Dorothy Pinder, Sue Murphy, Mary Helen Rounds, Joan Brown, Maxine Brown, Judy Graham, Welton Graham, Bill Mathieson, Jim Barnes and Adel Gifford.

Shaber Elected Prexy of Press Club

In a session held Wednesday noon, officers for the fall term, were elected as follows: George Shaber, Dick Quivey, Karol Knudsen and Bill Bach were elected president, vice president, secretary and treasurer, respectively.

We are all looking forward to a big year at B. J. C., in addition to this, they sponsor all student publications.

"Plans for the organization include dances, skating parties, picnics, and a state-wide conference to be held toward the end of the year," said George Shaber, newly elected president.

"Will you be my girl if I buy you some perfume?"
"I'll be your girl, and it won't cost you a scent."

James to Head Spanish Club

Selection of officers, and brief plans for future activities, high school the first meeting of the Spanish Club, which was held on Wednesday evening, October 2, at the Student Union.

James Barnes was chosen president for the organization, and other officers were elected as follows: Vice president, John Blaine; secretary treasurer, Gloria

Plans were made for coming events, which will include a play, presented in Spanish on Foreign Language Night, sometime in November. Carmen Monstanto sang

two Mexican Love Songs, and Adios Margurita Linda. Later, all the members of the club joined in with Clelito Lindo, the Spanish version of "You Belong to My Heart," and others.

Future meetings are to be held on the first Wednesday of each month. "All second and third year Spanish students are invited to attend," stated Mrs. Camille Powers, sponsor.

Gob: "Let's play airmail."
Gal: "What's that?"
Gob: "That's postoffice on a higher plane."

EMIL SIRON

Sweater Gals NEEDED

The B Cubes, the freshman girls' pep organization of Boise Junior College met for the first time last Thursday. Plans were discussed for an enthusiastic pep assembly to encourage our team when they tangle with Lewiston Normal on October 11.

Grace Dailey and Charlotte Graham, chairmen of the assembly and stunts respectively, stated that every freshman girl is expected to give her undivided cooperation for the success of the assembly and program they have planned.

Freshman girls who are interested in the success of this program are asked to sign their name on the list provided in Mrs. Burke's office. Acting Freshmen officers are Grace Dailey and Pat Rivett; Mary Helen Rounds is the Sophomore advisor. Tentative plans were made to purchase felt emblems of their organization to harmonize with their navy blue uniforms.

Lights to Be Installed on Campus

This summer Mayor Whillock and the City Council approved the request of President Chaffee that a constructive program be carried out for additional lighting facilities on the college campus. Under the supervision and construction of the Idaho Power company, these new light post will follow the same design and harmonize with those situated on Capitol boulevard.

It is anticipated by both Mayor Whillock and President Chaffee, that approximately nineteen of these lamps will be located on the

Big Majority Selects Popular Frosh

Emil Siron, popular young BJC Freshman, won over two opponents for the office of first year president. Siron defeated his opponents by a large majority.

Vernon Fry defeated Milton Atkinson, Greta Stunz, Robert Rains and Dan Obenchain for the office of vice president. Harry Rowe, student boy president, said that there is some doubt that Fry is attending school and in the event that he is not, Greta Stunz, the runner-up will hold the office.

Office of the secretary was won by Bernice Bower. The young music major won the election over Jean Mosier, Tom Conklin, Jean McClure and Ray Reed by a comfortable majority.

Wally Walker was elected to the treasurer's office. He defeated John Cristoferson, Margaret Martin, June Ostler and George Brewer.

Bob Galloway, Mary Zupan and Charlotte Graham were elected to the student council as Freshmen representatives.

Student of the Week

It's confusing, it's amusing. No, it's Siron. You've all seen him, you've all heard him, so now we'll introduce him.

When you see a group of people anywhere on the campus giving out with yells, laughter and other mirthful noises, it is a safe bet that Emil Siron is the cause of it all. He is the product of Boise schools, having started his scholastic career at St. Joseph School from there he went to St. Teresa's Academy, from which he graduated as Boise's most bashful boy. About this time the war broke out and being physically disqualified for the armed services, he did his bit as a truck driver at Gowen Field and as a brakeman on the Union Pacific where he worked until he enrolled at B. J. C. in January, 1946. It was here that his well-known personality and his ability for stealing the limelight first became evident.

lane on the south bank of the Boise river across from Julia Davis park. It is hoped that construction can soon be underway, whereas this lane will be turned into a four lane road.

This road will be able to handle the increasing traffic which has been contemplated. Other lamps will be distributed on the campus, one at the intersection of Michigan, others at the intersections of Bradley, Lincoln and Maintou. The Idaho Power has placed the order for these lamps with the General Electric company and if materials are available construction will begin in December.

Civic Responsibility Seen Important

This year we have more students who are old enough to vote than ever before in our history and so far there has been less political activity and discussion this year than at any similar time in the memory of this writer. There is a very important general election coming up next month. Important, because it will be a discussion as to the future course of our way of life. On the ballot there will be several proposed amendments to our state constitution which will vitally effect every citizen. Also to be decided in this election is the question of whether our representatives in the national governing body will be for or against such far reaching projects as the CVA and various other question of national concern.

Among the constitutional amendments that appear on the ballot are those concerning slot machines and other forms of gambling, the age-old fight between the prohibitionists and the anti-prohibitionists, and one instigated by the current members of the state legislature proposing an increase in their own per diem claims on our state treasury.

These questions will be answered and decided next month. Are you prepared to perform your civic duty and vote intelligently according to your own belief as to what is best for our community? If you are you are one of the lucky few. There has not been sufficient political discussion here at the college to provide a sound-basis for casting one's ballot. In previous years we have had political science discussion groups and political bull sessions in the union to help those of us who are eligible to vote make up our minds as to what is best politically for our community. These discussion groups are notoriously absent so far this year. Is it because we are no longer interested or concerned with our national well-being? What has become of the highly praised B. J. C. Forum that was so influential in deciding our political opinion last year?

It is of no concern to the editor of this paper what direction your political action may take, but it is of concern to us whether or not you do take such action. Whether you are formally participating in any political partisan group or not you owe it to your own future and that of your country to take enough interest to get out and VOTE!

A Bouquet to the Union

Now that the term is well along, the editors feel that it is time to evaluate the Student Union under the new management of Walt and Gene Ingham.

It is the opinion of the editors and seems to be the opinion of the bulk of the student body that the Union has improved immeasurably in all respects. Most feel that the meals are well worth the prices charged and that the service is both quick and efficient. There is no doubt that lines are shorter and move faster than they have in previous years which leaves more time for bridge, talk, smoking and study (?????).

The addition of a full line of school and engineering supplies is also appreciated by the student body . . . it is a great convenience to be able to buy all we need in one place. (And under the G. I. bill—Oh Boy!) Little do we know the time and trouble and energy it took for Walt to get all the stuff he has.

All in all the atmosphere there is more leisurely, relaxing and pleasant . . . a good place to eat, hang out, use on Friday evenings at the weekly socials Walt has instigated with the cooperation of the Student Council and to meet with friends. To use a trite phrase . . . THIS YEAR? THERE'S A GOOD REAL AT THE UNION!!

Melody Maids Play for First Lyceum

Approximately 350 Boise music lovers attended the first of the Lyceum series which was held at the Boise Junior College auditorium last Friday night, October 4. Performing were the Melody Maids, a stirring ensemble composed of five girls, ranging in age from 15 to 19 years.

Their program consisted of the following numbers, Fantasie, Bizet, from the opera "Carmen"; Famous Melodies, Rimsky-Korsakow; Elvies Dance, Jenkinsen; Caprice Vienois, Kreisler; Le Cyge, Saint-Saens, the Intermezzo from "Cavalleria Rusticana" by Mascagni, and Two Guitars, traditional.

Appealing to the many were these numbers in the light vein: I'll See You in My Dreams, Jones-Kahn; Dark Eyes, Horlick-Stone, the Waltz of the Flowers from Tchaikovsky's "Nutteracker Suite," and the perennially popular Tea for Two, from "No, No, Nanette" by Youmans.

There were two solos, a piano solo, Chopin's Fantasie Impromptu and a vocal solo, Country Song.

The quintet closed their program with the Solveigs Song from "Peer Gynt," by Grieg, and the Hungarian Fantasie a melody by Brahms and other composers.

I'll See You Again, from Noel Coward's "Bittersweet" was played for an encore number.

The Melody Maids are Helen Sorenson, Norma Lee Madsen, Sally Ann Peck, Patsy Judd, and Leonnox Adamson. These girls are all from Salt Lake City. One is attending high school, two have just graduated from high school, one is a junior at the University of Utah, and one is a senior, also attending the University of Utah, board.

Driscoll Elected Prexy of Board Of Trustees

Election was held last Friday of the Board of Trustees of BJC, Mr. J. C. Driscoll was reelected chairman, and Mr. E. D. Baird was reelected vice chairman. It was reported to the Board that 24 of the housing units are now occupied and that 24 more are under construction, and should be completed in the near future. The annual college audit was awarded to the James Monroe Co., of Boise, a fuel oil contract was given to the Idaho Refinery Co. It was approved by the board to give students cooperative medical care. Other members of the board are Mrs. Alfred Budge, Sr., Mr. Harry W. Morrison, Oscar W. Worthwine, Mr. Clyde F. Potter is secretary treasurer of the

DON'T MIND THE GRIND

Peering through the microscope in the laboratory of some college in the United States today is a young man who will tomorrow be the cause and cure of infantile paralysis. Pouring over a mathematical problem at this moment is a quiet fellow who will plan great bridges or mighty buildings. Deep in his history and English books is a future lawyer whose wisdom and eloquence will someday help to change the fate of nations. Too often the average college student dismisses this type of fellow with the casual appellation "grind."

But statistics show that very often it is the "grind" who accomplishes words of wonder in the field of science, medicine, law, engineering and other profession in the years to come after college is a memory.

College students are prone to place the athlete, the "popular" on pedestals. The college paper exploits his activities. The "hero" pointed out to campus visitors, his name is on every tongue, lucky is the girl considered who can date him.

The "grind" remains quietly in the background busy with his and studies. Then someday this studious chap emerges, like a butterfly from a cocoon, as the community's leading doctor, lawyer, engineer or scientist.

GIRLS ARE LIKE NEWSPAPERS

They have forms . . . the last word always. Back numbers are not in demand. They have great influence. They're well worth looking over. You can't believe what they say. They're there than, they used to be. They along by advertising. Every should have one of his own not try to borrow his neighbor's.

ORCHIDS ONIONS

Orchids—to Emil the Valiant who tried so hard to make the inter a success (at least more of a "success" than it was.) Onions—to the some three hundred Frosh who weren't interested enough to attend their class assembly.

Orchids—to the fighting Bronces who put up a brave but losing struggle in the Albion game.

Onions—to the nicotine fiends who don't dispose of their excess tobacco in the proper manner. (As the last resort, chew it.)

Orchids—to the crowd who bravely stood cold to witness the first football game of the season.

Onions—to the students who congregated in the library to gossip.

UNION IN DIRE NEED

Mr. Walt Ingham, manager of the Student Union has informed school officials that unless he can obtain student help he will have to keep the Union closed until 11 noon meals are served.

The Union has been operating under a schedule of from 7 a. m. to 5:30 p. m. each school day. On average day, 550 students are

Ingham has suggested that morning coffee drinkers pay for their cups served and carry their cups to the fountain instead of leaving them on the tables and in the lounge.

Since the quality of the meals has been increased it is necessary to make a small additional charge for the lunch plates, Ingham stated. He also added that those desiring to work at the Union should contact Mr. or Mrs. Ingham any hour of the day.

Voc Rehab Film Shown

Faculty members and students attended a movie on Vocational Guidance Tests. E. G. Williams and Milton E. Haun, outstanding in vocational guidance work arranged and directed the film shown in Room 209, Wednesday afternoon. Mr. Gilles briefed those attending the movie on the types of psychological tests to be shown. The vocational guidance film of explanation of six human aptitudes; mechanical, social, clerical, musical, artistic and scholastic. The value of aptitude tests in determining one's innate abilities for the best vocation were brought out by the film.

Campus Capers

Has anyone noticed the way the members of BJC have divided themselves into two groups . . . ? We have them classified this way: "Married" or "Disinterested."

Since the men are in the majority, there isn't much the girls can do about it, however, we set up a little three-way plan which, we repeat, which might work . . .

1—You might drop your hankie

CAMPUS COUPLE

in the hall as Blenda Lindstedt did when the man of her dreams walked by . . . P. S. Not guaranteed!!!!

2—Or . . . you might gracefully stick out your foot . . .

3—Then . . . You could resort to the "way to a man's heart is through his stomach" . . . 'Course sugar nad meat are scarce but you might try Vi Ebert's trick—she reversed it . . . Jerry Lawhead took her home for lunch. . .

There are Lines and LINES . . .

School got off to a big start this year with everyone standing in lines . . . but now three weeks later we still see Frank Blacker standing in a line . . . Someone should tell him the way to the Union . . .

Speaking of lines it seems that Emil Siron has offered a lollipop to everyone in school who votes for him in the coming election . . . Free too!!!!

Incidentally another "liner" seems to be that dark-headed young lad who spends his "FREE" time in the Union flirting with all the girls . . . especially blondes . . . one Arnie Migliaccio by name by name.

The Little Man Who Was NOT There . . .

Some of the peppier students decided to "Dance with Anson" last week . . . but Anson didn't show up . . . oh well Betty Kuckenbecker and Marvin Brown, Pat Rivett and Rod Priest, and Ellen Iverson and Carl Golcoccocha all had a good time afterwards at

Union night last Friday saw lots

of new people really having a super time. The usual old gang was there beatin' their brains out in a haaarrd game of bridge. Some brave couples even tried to dance . . . Mary McLeod and brother Jack ran fast competition with Dot Rankin and Bud Holmes. Lots of igrls and fellows stood shyly by at first . . . but by the end of the evening they all seemed to be having a good time. Barbara Lewis, Alice Vasser, Frank Cochrane, Glenn Sibal, "Dutch" Archer, Laoma Haws, Louise Grider all seemed to be really enjoying themselves.

Up to . . . Everyone

Lots of things have happened this year and we would like everyone to know about them . . . How about dropping us a line on what you'd like to see in this column next time . . . It's up to YOU.

"Why do you want to quit, Joe? Are the wages too low?" "The wages are all right, but I'm afraid I'm doing a horse out of a job."

MARITAL BLISS BEGINS ON BJC CAMPUS

"We have never studied so hard in our lives," simultaneously answered Mr. and Mrs. Robert Brown, one of Boise Junior College's young married couples who are both attending college, when asked if college and marriage mix.

Gallantly the dark-haired husband insisted that his small blue-eyed wife was the better student. She declared that they "were both the same."

Mr. and Mrs. Brown who were married August 25, 1946, are both graduates from Boise high school and are both sophomores at college. Brown was graduated from high school in 1942 and after a year at BJC joined the army, signal corps division. For two of his three years of service he was overseas in England, Belgium and Germany. Mrs. Brown, the former Maxine Cummings, was graduated from high school in 1945.

The couple attend Spanish and accounting classes together at college and both finish their last class each afternoon at 2 p. m.

"That means we can get our housework done in the afternoons, and Bob is a great help around the house," beamed the bride enthusiastically. She admitted, however, that the groom does not cook. The Browns live in their own apartment on North 13th street.

In discussing their activities, Bob and Maxine said they spend each school evening studying; but on the week-ends they will attend all college social and sport affairs. They both like dancing, football and basketball. Maxine is one of the college yell leaders and Bob won his letter in BJC basketball in 1942-43.

Although the future plans of the young couple are indefinite, they do plan to live in Boise when they are graduated from college.

CENSUS REPORT ON BJC-G.I.'s

If the fellow sitting next of you in class should suddenly bark out a command, don't be alarmed. It is merely a hang-over from his sergeant days. For according to the information gleaned from the questionnaire filled out by 370 veterans attending Boise Junior College, 85 of the men were sergeants.

Among the 370 veterans who reported there are also a couple of former majors, a couple of captains, 11 first lieutenants, an ensign, and 10 second lieutenants. But the democracy of the College campus just rates them all—majors and privates—as freshmen and sophomores. Tweed jackets and plaid shirts cover the manly bosoms that once wore khaki and blue and there is no shoulder brass to determine whether a man should give the order or obey it. The only "attention" called is the class bell bringing the class to order and the closest thing to top sergeants seen on the campus are the teachers who stand behind the pulpits and "suggest" you follow his or her directions. Hurrah for civilian life!

MONOLOGIST COMING

Dean Conan Mathews announces that Mary Hutchinson, monologist will appear at Boise Junior College on October 26. She will be presented by the Delta Psi Omega, B. J. C. drama society. Mr. Harold Wennstrom, sponsor of the Delta Psi, stated that Miss Hutchinson will do dramatic portraits.

Fighting Boise J. C. Broncos Battle Weber Wildcats To Scoreless Tie

Boise Junior College's under-rated Bronco eleven battled tough Weber College Wildcats to a scoreless tie in Ogden last Friday night. The Broncos went into the game as the decided underdog, but by half time it was evident that they were very much in the game as the first half was entirely a Boise show.

In the second quarter Boise stormed to the Wildcat 5 yard line on a pass by Don Burgener, Boise's triple threat halfback, and a reverse with Naylor carrying the ball. Here the attack stalled and Weber took over on downs. The Weber College running attack was bottled up early in the game and they were forced to take to the air as the half ended.

The third period was played in midfield with neither team able to muster an effective scoring threat. In the last quarter the Weber crew started rolling, and ran and passed the ball to within inches of the B. J. C. goal. The Wildcats lacked the scoring power to drive across for a touchdown, even though they had four tries from the four yard line.

Boise then took over and Burgener kicked out of danger. Numerous times long Boise gains were nullified by penalties.

Next Friday night the Broncos will take on Lewiston Normal College in a home game under the lights at Chaffee stadium.

Mermaids Caught Busily Splashing

"When a body meets a body, coming through the pool—". Gathered at the Y. M. C. A. last Wednesday afternoon for the BJC girls swimming class were seven BJC girls.

Meeting at three Monday and Wednesday under the instruction of Miss Schmithals, woman's P. E. head, this class consists of both beginners and experienced swimmers. Other classes meet Tuesday and Thursday evenings under the guidance of Mrs. Dausert, for girls who are unable to attend the afternoon classes.

Tournaments with other schools have not yet been arranged.

"She seemed like a good sensible girl."

"Yes, she didn't pay any attention to me either."

Knights Compile New Directory

The annual B. J. C. student directory is now being compiled by the Intercollegiate Knights, and is scheduled by them to be ready for sale to the students early in November.

The Knights completed soliciting for advertising, October 2, and the club officers, who are the editors, say that layouts will be ready for the printers within a few days.

According to Duke Grant Dean, this year's directory will be the largest yet published. But, as usual, it will contain the name, address and telephone number of each student; that of faculty members and administration, and the histories and current memberships of all school organizations.

Masculine Makeup

Men are what women marry. They have two feet, two hands and sometimes two wives, but never more than one dollar or one idea at a time. Like Turkish and American cigarettes, all men are made of the same material, the only difference being that some are a little better disguised than others. Generally speaking, men may be divided into three classes, bachelors, husbands and widowers.

An eligible bachelor is a mass of obstinacy and entirely surrounded by suspicion. Husbands are of three varieties: prizes, surprises and consolation prizes. A widower is best left to himself.

It is a psychological marvel that a soft, fluttery, fluffy, tender, violet-scented little thing like a woman should enjoy kidding a big, awkward, stuffy, stubby-chinned thing like a man.

Making a husband out of a man is one of the highest plastic arts known to civilization. It requires science, sculpture, common sense, faith, hope and charity.... mostly charity. If you flatter a man you frighten him to death, if you don't flatter him indefinitely you bore him to tears. If you permit him to make love to you he gets tired of you in the end, and if you don't he gets tired of you in the beginning. If you agree with him in everything you cease to interest him and if you disagree you are a nag. If you believe all he tells you he thinks you are a fool, and if you don't he thinks you are a cynic. If you wear gay colors, rouge and startling hats, he hesitates to take you

Up and Coming W. A. A. Go in for Aggressive Sports

Hockey, Hockey, Hockey, is all the W. A. A. members have on their mind after the first practice Tuesday at 4 p. m. At the practice two captains were chosen: Mary Zupan, captain of the yellow squad and Delores Theil for the white. The practice turned out to be very favorable affair. Three or four pairs of knees were busted and a couple of fingers, but otherwise the first practice was a huge success. Some of the more adept at wielding the stick were Beverly Mays, Connie Abarrate, and Marlyn Saxton, besides the captains of course.

The W. A. A. took in \$64 profit at the hot dog and pop concession stand. The profit will help to buy the awards at the end of the year. Wednesday nights it was decided that W. A. A. will sell hot dogs and coffee at the game Friday, October 11, 1946.

A bouquet of flowers was sent to Ruth Wilson. Everyone is wishing for her early recovery.

SKIERS MEET

An enthusiastic group of schuss-boomers and snow bunnies met for the first time last Tuesday noon to discuss plans for the development of a Boise Junior College Ski club. Dr. De Neufville a qualified skier, has been asked to represent the faculty. This meeting was brought to order by Johnny Bushfield, and a program was discussed for future meetings. The fundamentals of skiing will be taught to the inexperienced members. Bogus Basin Ski club has extended a cooperative invitation to the BJC Ski club, whereas members of both clubs will receive reduced rates on transportation and the toll line at Bogus Basin.

It is hoped that several movies on the fundamentals of skiing can be shown throughout the year. Any student who wishes to join is encouraged to attend the next meeting which will be held during first weeks of November.

out, and if you wear tailored suits, he takes you out and stares at all the other women in gay colors, rouge and startling hats. If you don't join him in gaieties and approve his smoking and gambling he swears you are driving him to the deuce, and if you don't he swears anyway

VERSATILE PERSONALITY MARKS MATHEWS

Conan Mathews, dean of Boise Junior College, is that rare combination of artist par excellence and efficient administrator. feel the thrill of pride that of their own faculty is the painter.

When a stranger sees the outstanding paintings done by Mathews, he expects to meet the proverbial long-haired, paint-on-the-fingers, smocked type; instead he finds that Dean Mathews looks for all the world like a trim, energetic man of business.

A graduate of Utah State College with advanced work done in the University of California and the California School of Fine Arts, Dean Mathews taught art at the California School of Fine Arts and the College of Idaho before coming to BJC.

One of the early teaching "gang" at Boise Junior College, Dean Mathews knows all the "ins" and "outs" of the college. Pleasantly and efficiently he handles dozens of problems daily, yet he never seems rushed or impatient.

The Mathews home is not only an artistic one but a musical one as well. Mrs. Mathews, the pretty, piquant wife of the dean, sings well. The most important members of the household are two young daughters, Kristen, age 12, and Karen, age 8.

If a new student to the BJC campus wishes to see a sample of Dean Mathews' painting, he should make a trip to the Idaho state capitol. There on the main floor in the east wing are two paintings which tell without words the story of Idaho. One shows the barren stretches of sagebrush; the other, the rich fertile land which developed with irrigation. The pictures are well worth a trip to the capitol, and Boise Junior College students can

DWAIN ERVIN

Jr. Ad Club Meets Weekly

The summer monthly meeting held by the Boise Jr. Ad Club have been discontinued and weekly sessions are now being held. Activities include a guest speaker and participation in plans being made for a convention to be held next June at Sun Valley. The Ad Club will cooperate with the Boise Ad Club as host to the Advertising Association of The West. Planning for the convention will constitute much of the activity of the club during the coming year. If any students are interested they may come to the Dunge Room of the Owyhee hotel at 7:30 p. m. on Monday.
